ALASKA’S MAGNIFICENT COASTAL GLACIERS
MISTY FJORDS • PETERSBURG • VANCOUVER

A voyage aboard the Exclusively Chartered Small Ship
Five-Star m.s. L’AUSTRAL

July 18 to 25, 2015
Dear Alumni and Friends,

Arctic-blue glaciers, rarely observed marine life, pristine waters, towering mountains, untouched coastlines and abundant wildlife. These are the wondrous sights that will unfold around you on this comprehensive and exceptional Five-Star small ship cruise of Alaska’s glaciers and the Inside Passage, last of the great American frontiers.

Enjoy this one-of-a-kind pairing of Five-Star accommodations with exploration-style travel as you cruise the Inside Passage from Juneau, Alaska, to Vancouver, British Columbia, during the divine long days of summer. Exclusively chartered for this voyage, the **Five-Star small ship** M.S. L’Austral, specially designed to navigate the isolated inlets and coves of the Inside Passage inaccessible to larger vessels, brings you up close to the most spectacular scenery of southeastern Alaska and Canada, offering you a superior wildlife-viewing experience—from sheltered observation decks, during Zodiac expeditions led by seasoned naturalists and from the comfort of 100% ocean-view Suites and Staterooms, most with a private balcony.

Every day of the cruise is a highlight. Call at the historic towns of Sitka, a cultural fusion of Tlingit and Russian heritage; lesser-visited Petersburg, known as Alaska’s “Little Norway”; and colorful Ketchikan, rich in Native Alaskan art and tradition. Glide through the serene Inside Passage and into remote inlets in search of whales, harbor seals, porpoises, sea lions, sea otters and eagles in their natural habitat. Cruise the spectacularly scenic Tracy Arm Fjord, a majestic panorama of plunging waterfalls and snowcapped peaks, right up to the face of the monumental North and South Sawyer Glaciers. Listen for the sound of cracking ice and watch as glaciers calve into the sea. See Alaska’s stunning glaciers, rugged mountains and wild coastlines; and cruise up close to the sheer granite cliffs of Misty Fjords National Monument.

There is no better complement to your cruise than a stay in the heartland of Alaska and to experience the once-in-a-lifetime opportunity to travel deep into Alaska’s Interior, where you will explore the wilderness paradise of Denali National Park; see the powerful Mt. McKinley, the tallest peak in North America; and visit the former frontier trading post of Fairbanks during the Denali Pre-Cruise Option. Conclude your voyage in cosmopolitan Vancouver, for a post-cruise opportunity to see British Columbia’s most vibrant and beautiful city, with a rich cultural history culled from the native people of the Pacific Northwest and Alaska.

You don’t want to miss the boundless splendor of Alaska, the best travel value, the finest Five-Star small ship accommodations and the ideal itinerary to experience glaciers, islands, coves and inlets inaccessible to larger vessels. I encourage you to book early for this always popular program.

Sincerely,

Timothy L. Walsh
Executive Director of Alumni Affairs
EXPLORING THE INSIDE PASSAGE

Shaped by the staggering force of the Ice Age and sheltered from the Pacific Ocean by one thousand miles of islands along the Pacific coast of North America, the Inside Passage, beginning in the Alaska Panhandle and continuing south beyond British Columbia, embodies snowcapped mountains, arctic-blue glaciers and a wilderness bigger, bolder and more beautiful than you can imagine. Stand on the observation deck of your Five-Star small ship, surrounded by 360 degrees of stunning scenery as you cruise the secluded coves and inlets of these protected waters, one of the few pristine marine wilderness areas left on earth. Watch for bald eagles, humpback whales, harbor seals and brown bears in their natural habitats. Listen to the thunderous sound of calving glaciers and see their vivid glacial-blue ice up close on naturalist-led Zodiac expeditions. Venture through narrow straits and into the heart of majestic fjords, where sheer cliffs rise thousands of feet into the sky and serene waters mirror lush evergreen rainforests. Visit the Inside Passage’s hidden treasures, including the Misty Fjords National Monument, accessible only by small ship. Along the way, encounter the indigenous culture of the native Tlingit, see the onion-domed churches built by Russian fur traders, visit the hearty fishing villages and historic trading outposts settled by Norwegian and American pioneers and explore the former gold rush settlements built by stampeders en route to the immense wilds of the North more than a century ago.

Juneau, Alaska
Call of the Wild author Jack London set forth from this picturesque city to join the Klondike Gold Rush in 1897.

Tracy Arm Fjord/North and South Sawyer Glaciers
Cruise into the deep and narrow fjord of Tracy Arm, where waterfalls cascade from dramatic cliffs, lush forest fades to spectacular sheer rock and icebergs glint in the sunlight. At the remote end of Tracy Arm, approach the North and South Sawyer Glaciers and watch and listen for them to calve chunks of ice that become floating platforms for hundreds of harbor seals. On a Zodiac outing, venture to the arctic-blue toes of the majestic glaciers and look for Arctic terns, pigeon guillemots and even mountain goats.

Point Adolphus/Southern Glacier Bay National Park and Preserve/Idaho Inlet
Look for humpback whales feeding in the nutrient-rich waters surrounding Point Adolphus. Cross Icy Strait to Bartlett Cove—centuries ago the site of a native Alaskan village—at the mouth of pristine Glacier Bay National Park and Preserve, a protected 3.3-million-acre UNESCO World Heritage site. Continue on to Dundas Bay, where John Muir, on expedition in 1880, spotted the welcoming sight of smoke rising from a Tlingit chief’s hut,
